

Pierport School

6. Former Pierport School, southeast corner of Thirteen Mile and Burtker Roads

On the Pierport plat map published in George A. Ogle's 1903 *Standard Atlas of Manistee County, Michigan*, the lots on which this school was standing are indicated as being on Main Street (Thirteen Mile Road) just east of Church Street (Burtker Road). The School

has been converted into a residence. Many of the buildings of Pierport disappeared as the village declined rapidly starting in the 1890's and particularly after the demise of the Railroad (the rails were removed in 1902).
