

VILLAGE OF ONEKAMA

“On Beautiful Portage Lake”

REQUEST FOR BIDS

The Village of Onekama is seeking sealed bids to perform the following work on the storm drain system:

Item 1) Portage Street - Replace approximately 144 feet of 6” piping with 8” pvc or 8” SDR 35 piping between manholes 2204 and 2203. The work includes but is not limited to: excavation, pipe, installation, sealing at the manholes, restoring the original grade, restoration of pavement around manhole 2203, and maintaining control of materials to prevent deposits on roads and property. Procure soil erosion permit if required.

Item 2) Replace manholes 2208 and 2210 with prefabricated structures of polyethylene or fiberglass, and replace approximately 60’ of 4” pvc pipe with pvc or SDR 35 pipe. The work includes, but is not limited to excavation, manholes, sealing of pipes, pipe installation, restoring original grade, restoration of pavement around manhole 2208, and maintaining material control to prevent deposits on roads and property. Procure soil erosion permit if required.

Item 3) Mill Street - Investigate pipe problem at manhole 2136A. Depending on the results of the investigation, this work may include, but is not be limited to: removal of rip – rap at the pipe outfall, excavation of pipe section, replacement of pipe section with SDR 35 pipe, restoration of original grade, reinstallation of rip – rap without blocking or damaging the outfall and procuring the soil erosion permit.

Disposal of materials removed during the project shall be at a location designated by the Village of Onekama.

Bids are due no later than 1:00 p.m. on Monday, June 17, 2024. Bid documents shall be addressed to:

Onekama Village Clerk
Onekama Village Office
5283 Main Street
P.O. Box 477
Onekama, MI 49675
